Suzuki Ireland, 57 Broomhill Drive, Tallaght Industrial Estate, Tallaght, Dublin 24

Specifications shown have been achieved by production models under standard operating conditions. Data is intended to describe vehicles and their performance fairly, but may not apply to every vehicle. Colours, specifications and equipment may vary without notice. All details correct at time of going to press: March 2009. Vehicles shown throughout this brochure are for illustration only and may feature non-Irish equipment.

Alto

The perfect way from A to B

Life's a journey. Sometimes it's not all about the destination, it's how you get there. Whatever route you take, the new Alto is ready to go with you. It's a compact stylish car which gives you all the fun and excitement, but loses none of the practicality. Sometimes you just want to follow your own road.

Let the Alto take you there.

Life should be fun, so should your car

Why be sensible all the time? Sometimes you just want to kick your heels back and have fun. Just one look at the new Alto with its stylish curved body and you can't help smiling. In a grey world, the Alto is a splash of colour. But it's not just a fun car it's a functional one too. With five doors it's perfect for you and your friends and yet it's still compact enough to park in the smallest of parking spaces.

It's also very economical, you can travel up to 100kms for only 4.4 litres of petrol. That's 64.2 miles per gallon.

For a small car it's big on protection. With ABS and dual front and side airbags standard across the range, all you have to worry about is choosing the colour that says the most about you.

64.2mpg

Built-in personality

The Alto body shape is eye-catching, curvaceous and stylish, which gives it a lot of character. It also gives it great aerodynamics. Little touches like the streamlined wing mirrors reduce drag and therefore help reduce fuel consumption (4.4 litres for 100kms on a combined cycle)* and CO₂ emissions (103g/km)*. The Alto also has a body shell that's strong, but lightweight. And although the new Alto is cute, it's also sporty with sculpted rear detailing giving it a racy look.

CAFE

Curves in all the right places

The Alto is available in six striking colours giving it a stylish and distinctive look. The rounded front headlights add to its fun personality, whilst the more angular rear lights give it a sleeker, sportier feel. There's also a wide shapely tailgate with internal opener. So whether it's your gym bag or shopping bags, it's easier to get stuff in and out.

Looks good inside and out

Whilst the outside catches your eye, it's the inside that makes you take a closer look. The stylish dashboard design has a real sense of movement that echoes the curves of the body.

The new Alto may be compact, but it has been designed with a clever use of space giving ample room for four adults. Storage compartments are placed conveniently in the doors and central console, with bottle holders and space for two coffee cups. The Alto's boot offers a useful 129L of space. Perfect for those weekends away, a trip to the beach or your weekly shop.

Designed around the way you live

Life can get complicated. That's why we've kept things simple and fun in the new Alto. Everything is designed to be both easy to reach and to operate. The CD tuner lets you intuitively listen to a CD or tune into your favourite station. It's also got MP3/WMA compatibility and you can even just plug in* your iPod** There's also handy storage compartments for your CDs, keys and drinks. An illuminated centre tray means you can easily find your keys or iPod** at night. A fun environment should also be a relaxing one. That's why there's air conditioning for a more comfortable drive.

*accessory connection cable required.
**iPod® is a registered trademark of Apple Inc.

An engine that's responsive and responsible

We designed the new Alto's engine to be agile and fun, but we also made it responsible. For a punchy engine it's got very low CO₂ emissions and provides great fuel economy. It's also brilliant for your pocket, with low running costs, cheaper fuel and road tax. Decide how you'll find your way from A to B with a choice of manual or automatic transmission.

103g/km
64.2mpg

Live free, drive safe

Life is for living. But when it comes to your car, it's best to be safe. For a compact car the new Alto is big on safety features. There are front and side airbags as standard.

There's ABS with EBD (Electronic Brake force Distribution) which makes sure the optimum amount of braking power is distributed to each wheel and helps prevent the wheels locking or skidding on slippery surfaces, keeping you safely on the road.

Whilst all this technology keeps everyone safe, some features specifically look after those who don't even drive yet. ISOFIX child seat tethers are fitted as standard to look after your most precious cargo.

Equipment

You've found your perfect way from A to B, now's your chance to discover everything from A to Z about the new Alto.

COMFORT AND CONVENIENCE

Electric front windows
Rear single-folding bench seat
12V interior accessory socket

"Faro" silver alloy wheel

Bumper corner protection set and chromed rear hatch trim

Side body moulding set

Accessories

Add even more fun to your new Alto with a range of stylish and practical accessories. We've made the Alto special for everyone to enjoy, now you can make it special to you.

World of Suzuki

At Suzuki, every idea, every feature, every innovation is designed to help customers around the world get out and enjoy their lives. Not just in our 4x4s and crossovers, but in our cars, motorcycles, outboard engines and quad bikes. Every single Suzuki model is designed with one thing in common. You. Because we believe that our cars should make a difference to every journey. Quality, value, innovation and reliability are built into every Suzuki product as standard. Our approach is straightforward – we just add those special ingredients of excitement and fun.

Suzuki Warranty

Suzuki Warranty – a 3 year or 100,000 kilometres new vehicle warranty, whichever comes first and a 12 year perforation warranty on all new Alto models.

Assistance

Suzuki Assistance – 24 hour Ireland and European roadside assistance, recovery and many other associated services.

Finance

A wide range of tailor-made finance plans is available. See Dealer for details.
